RE: Answer to all my Defendants who came on the 9-26-06

I dont know how to answer these lie. I can't spell or write that good or use big word; but I do ask the court not to Denied my Injunctive relief motion. Please let me bring this case to the court and so the Jury Trial can see that these people are trying to cover there self this is all my Defendants.

I have not getting any help like they said Yes I have said in letter that they call me down and take Blood, but they dont said that when I do go down to see medical is to read schedule me and not to help me, so if they said that they see me already month How come it took them a Deadline to see me?

on the 20 of Sept 2006 they call me down, I thought it was for what happen to me on sunday 9-17-06 that got sicker but it was only to show that they did somethin like schedule me to get a biopsy which I may never get. this happen on the Deadline that the us District court give not caring about my pain that I have

The biopsy was to be done 3 month ago, if it was not for the Deadline I would of never been call.

All my Defendants should pay and the warden one I did wrote to him because he run this Jail, but no help from him al he did is pass the letter down, so he has alot to do with this case because he should put the righ medical staff to help us.

Please I need help, I dont want to Die in here and can I be move out of this Jail, I fear they will hurt me has you can see in the news paper they even like to hurt there ow guards. Please S-C-I is the Jail they sent me there and about my family Drs from westside Health she know me and my

Case 1:06-cv-00200-JJF Document 35 Filed 11/16/2006 Page 4 of 5
Health so the put down does not help can we call or bring her in to show that I was getting help and that I need help soon.

Please if ~~some~~thin happen to me dont let these people get away. I want the help and I want to make it out to be with my little children. I want to be some one but these people dont care. As you can see they to has given me a hypothetical diagnosis simply dismising my torment as acid reflux this of course is not the problem.

Thank you for your time and also for caring for us to and here our cases here are copy of letter to the warden asking him for help and can I please get help with a lawyer please I need help take care God Bless you all for helping us

sincerely
